

Are you covered by the Ogle County Health Plan and are in need of a surgical procedure?

In certain cases if you qualify, your surgical procedure will be free to you!!!

That is correct! If you qualify for Hostcare Resources, your out-of-pocket costs will be covered 100%. You will be given a full paid trip to a selected state of the art surgical facility. The package will include airfare, ground transportation upon arrival, wonderful hotel accommodations, a possible cash incentive and a meal allowance for you and your travel companion, a friend or family member selected by you. There are also options for local travel, close enough for a ride service.

What do you need to do?

At the earliest moment that you realize you need a medical surgery, preferably before you schedule your surgery, contact Hostcare by phone or by e-mail at (800) 933-4148 or e-mail stthomas@hostcareresources.com. Your personal representative will review your information and begin their research of your options.

If Hostcare Resources is an option for you, you will also receive a call from the surgeon chosen as your best option to discuss the procedure with you. If you decide to take this option your travel coordinator from Hostcare Resources will work with you to arrange all travel plans. **It is always your choice which providers to use!**

Why should I use this service and how much does it cost?

The cost of the Hostcare is 100% free to use. Patients who have used this service have found by using Hostcare they are utilizing medical professionals that understand both the medical procedures they are facing and how to use health plan properly. As an advocate to the patient, we know what questions to ask to get the highest quality and best priced procedures.

Call or e-mail Hostcare at the first moment you know you need a medical procedure to review your options (A list of qualifying procedures is located on the back side of this letter)
